HAPPY SAGEOWEEN!!

DON'T FORGET

From 2 November, our students need to wear winter uniform.

MESSAGE FROM OUR SCHOOL HEAD

If any of you switch on the television these days, all you will find are Halloween parties that end in disgrace, accidents that take the lives of hundreds of people, hostilities towards each other and unending wars that will sink our economy and bring misfortune.

The paradox is that today, shops are already flooding their windows with Christmas decorations, pushing us to the next offer to purchase. We move from the celebration of death to the celebration of the Nativity without reflecting on the motivations (which everyone is free to have) and then, the next party to celebrate will come.

I personally aspire for a school (and students) that reflects, that thinks beyond what is fashionable or "trendy", a school that develops a vision of the wider reality that helps our students to generate their own ideas and be consistent.

I believe that a great challenge for our students in the future will be **authenticity and people who develop their own criteria** in the midst of a world that considers itself free to think, but which in the end tends to let itself be moved by the masses. A good starting point is to learn to reflect, to express one's own ideas and to have a critical and well-founded opinion of what is happening around you. We at Sage College will help our students in their seek for being unique.

Mr Wickham

-EARLY YEARS NEWS-

EARLY YEARS SPOOKTACULAR HALLOWEEN WEEK

This week the **Little Sagers have been celebrating Halloween** with a variety of amazing magical activities

On one hand, the ***Dinky Ducklings*** have been very busy with halloween celebrations. They enjoyed creating fluffy ghosts, sticking bandages on mummies and painting their own pumpkins. They had lots of sensory food fun exploring the slimy insides of the pumpkin and practicing their fine motor skills **cutting up halloween spooky spaghetti.**

Finally, the ***Busy Bees*** have been looking for eyes in the yucky spaghetti and using the 10 frames to find out how many eyes they managed to collect. **The Witches kitchen was busy cooking with rat, bat, spider and centipede ingredients making some amazing food to eat.** During Phonics they learned how to read and write some Halloween words. While in the creative area, the Busy Bees designed their own pumpkin card with creepy eyes, nose, mouth.

But the highlight of the week was **the 'Sageoween' Parade** followed by the Disco and Cinema. What a day full of excitement! Happy Halloween to everyone!

On the other hand, the ***Friendly Frogs*** have spent these days learning more about this exciting celebration for them. Spiders, bats, ghosts, witches and pumpkins have taken part in the different activities they have got involved in: making paper plate spiders, designing Halloween cards, counting creepy bugs, getting a bit messy by playing with the Halloween sensory bin, and **creating their own magic potions**. And they have really enjoyed listening to a range of Halloween stories and songs!

-PRIMARY NEWS-

Sageoween

Enjoying magic and wonderment, children in Primary had a lovely time **dancing at the Sageoween disco.** We saw some creative and curious costumes in Primary and we shared these with each other in our **Costume Parade.** Children enjoyed seeing each other's creative displays of costumes. It was a fun day for all.

PERFORMING ARTS

During our Wednesday assembly, the children from Year 1 and Year 2 showed a **special Sageoween performance to their Primary peers.** We were very proud of all the children for their confidence, creativity and language skills shown through their Drama performances of ***´Meg and Mog´***.

-PRIMARY NEWS-

Year 4 children also performed an amazing piece of Music using body percussion to the ***"Hall of the Mountain King´*** by Edvard Grieg. It was incredible to see how they could set the mood through the use of sound, only using their bodies. Well done to all the children on their **wonderful Sageoween Performances.**

YEAR 5 TRIP

Year 5 enjoyed a **wonderful day out to the mountains of Cadiz** on Thursday, visiting the smallest populated village in the whole of Cadiz! They went to **Villaluenga de Rosario** to learn more about the famous **Payoyo cheese** which is a unique cheese made only in this part of Andalucía and exported all over the country and beyond.

At the walk around the countryside, they saw where the endangered Payoyo goats live. Then they walked into the old part of the village and were given a lesson on how Payoyo cheese is made and they had a go at molding the cheese themselves, finally they tasted the goats cheese! It was great fun day out!

-MIDDLE SCHOOL NEWS-

PHYSICAL EDUCATION

This term has been an exciting start to the school year for Middle School Physical Education. Our students are displaying **excellent effort and commitment in improving their performance skills and physical fitness.** This is sure to be a great year for sports!

TAG RUGBY

Students have shown great improvement throughout our block of tag rugby and have displayed the kind of talent that should help us to compete against other local schools in upcoming competitions.

Tag rugby is a complex sport with lots of rules, however, our students have shown that they are fast learners and can reach their goals very quickly!

INVESTIGATING FITNESS

Our young learners have been pushing themselves to their physical limits in our **Sage gym.** They have been **investigating types of fitness such as cardiovascular endurance, power and speed.** They have learned various techniques on how to improve these types of fitness and how they would benefit them in various physical activities. Keep up the good work, Sagers!

-HIGH SCHOOL NEWS-

VOLUNTEERING

Holistic education

Apart from the academic side, holistic development is also key at Sage College. One example of this is the **volunteering programme we offer to our students.** For instance, Key Stage 5 students have the opportunity to **collaborate with Primary,** helping teachers and students. This also helps them to develop important skills like communication or empathy, among others.

CONGRATULATIONS

Celebrating success

Celebrating the success of our students is fantastic. We would like to congratulate our **Year 11 student Giulio, who has been selected to participate in the Sub-16 Andalusian Golf Tournament,** which will take place this weekend. Congratulations Giulio!

SAGEOWEEN

Enjoying together

Our students enjoyed different activities together, always promoting good manners and inclusion. In particular, our High School students had the opportunity to enjoy an **escape room, house of terror and cinema.** We would like to specially thank our Year 13 students for organising these activities.

-BOARDING NEWS-

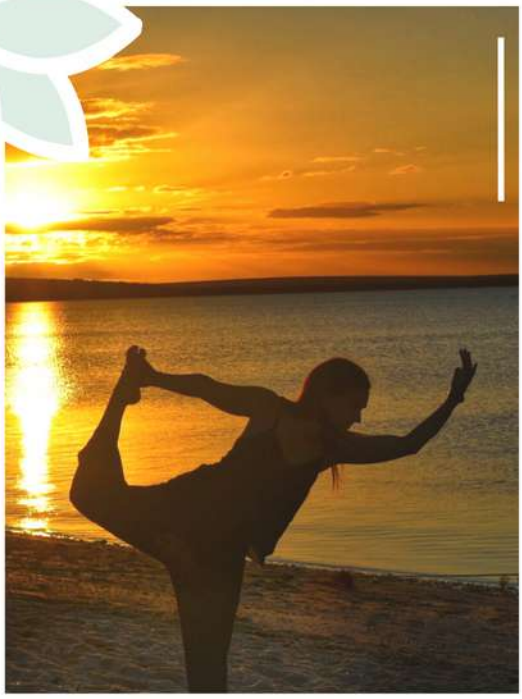
OPENING THE DOORS

We are into our second week of having **the Finnish Junior National Team** with us and it has been great to see the boarders and golfers getting to know each other and have enjoyed a few evenings socializing together and in Sage Boarding tradition, **sharing the Sunday BBQ together**.

FIRST CLASS FREE

Yoga Classes

AT SAGE COLLEGE



Vinyasa style classes every Wednesday 4.45pm-5.45pm.

100€/ 10 classes

Classes are:

- For all ability levels
- For adults aged 15+
- Include breathwork and meditation
- Conducted in English
